South Thames College

LONDON

There has been an educational establishment on our Wandsworth site in south west London for more than 100 years.

It was founded in 1895, funded by a tax on whiskey! Students had to pay what was then a substantial fee of £1 a term for day classes. There were around 500 students studying there, a large number for those times.

1910-11 College regulations stated that "...each boy must wear the school cap or straw hat; he must also provide himself with a satchel, gymnasium shoes and a swimming costume." Apparently, the caps came in different colours depending on what "House" the student belonged to and, according to one student in 1930, the colours used to run in the rain, staining the students' faces blue, red, green or yellow.

Today, over 21,000 students are enrolled at South Thames College, and government funded courses like BTEC Nationals and A-levels are free for 16-19 year olds.

MEETING AND EVENT SPACES : We have meeting and function rooms available for hire at our Merton campus. Many of our rooms are part of our new, purpose built Hospitality and Catering Academy - a standalone building with flexible spaces throughout. We also have several other specialist areas, including a performance theatre, lecture hall and professional kitchens.
